June 26, 2018

Dear Future Third Graders and Parents,

Reading and math concepts are integral parts of education. We have put together a packet that includes a reading list with books on different reading levels. The packet also includes math practice. These assignments are MANDATORY and should be completed over summer vacation. All of the books in the attached list are available in public libraries or can be purchased at a bookstore or online.

Parents, we are asking that the students choose three books to read this summer that are appropriate for their reading ability (not too easy yet not too difficult). Also, please ensure that your child chooses at least one nonfiction book. Attached you will find two fiction book reports and one nonfiction book report. After reading each book, the student should complete the appropriate book report.

Also, attached are math activities. It is important for incoming third graders to retain skills they have learned in second grade. Please review addition and subtraction facts over the summer.

Additionally, Raz-Kids and Reflex Math will be available for use throughout the summer. Students should use the same login information they used throughout the school year.

A supply list attached. Please make sure all supplies are brought in during the first week of school.

We hope you have a restful and enjoyable summer. But don't forget to make reading and math a part of your daily routine. We look forward to seeing you in September.

Sincerely,  
Third grade teachers

Please be sure to read all instructions and complete the whole packet. The packet is to be returned to school on the first day, **September 5, 2018**.

- ☐ Reading: Choose three books to read from the list. At least one book should be nonfiction (real information)
  - Complete a book report for each book, make sure you complete a nonfiction book report for the nonfiction book you choose.
- ☐ Writing: Write a paragraph about something fun you did over the summer! You may draw a picture to go with your writing.
- ☐ Math: Estimating sums and differences and problem solving (3 pages)

### Third Grade Supply List 2018

All Supplies should be labeled with child's first and last name

- ☐ 6 marble notebooks
- ☐ 5 plastic folders (1 of each color blue, green, red, purple, orange)
- ☐ 2 boxes of 24 crayons (no Twistable crayons)
- ☐ Ear buds (for iPad use)
- ☐ 3 large glue sticks
- ☐ 2 pairs of child scissors
- ☐ 2 packages of printer paper
- ☐ 2 boxes, 48 count #2 Ticonderoga SHARPENED pencils
- ☐ 2 highlighters
- ☐ 1 plastic 12-inch ruler with inch/centimeters
- ☐ 1 package of 3x3 lined post it notes
- ☐ 1 package 4x6 lined post it notes
- ☐ 2 packages of dry erase markers
- ☐ 1 soft pencil case for school supplies (to fit in desk)
- ☐ An activity book for rainy day recess
- ☐ \$10.00 in an envelope labeled with your child's name for a Scholastic Storyworks subscription

#### THE FOLLOWING ARE FOR CLASSROOM USE

- 1 container of hand sanitizer
- 1 container disinfecting wipes
- 1 pack of baby wipes
- 2 rolls of paper towels
- 2 boxes of tissues
- 1 box gallon size Zip Lock bags
- 1 container of hand soap

#### **The following items are NOT acceptable in class**

- Mechanical or lead filled pencils
- White out
- Loose-leaf binders
- Spiral notebooks

**\*\* Summer reading and math activities and all supplies are due the first day of school, September 5, 2018.**

## 2<sup>nd</sup> Grade Suggested Summer Reading List

Avoid the "summer slide" with these great reads. These wonderful books will ensure your future 3<sup>rd</sup> grader lots of summer reading fun!

Judy Moody (Series) by Meg McDonald  
Amelia Bedelia (Series) by Peggy Parish  
Jigsaw Jones Mystery (Series) by James Preller  
Flat Stanley (Series) by Jeff Brown  
Junie B. Jones (Series) by Barbara Park  
Ramona (Series) by Beverly Cleary

## Estimating Sums and Differences

Round to the nearest ten to estimate the sum.

$28 + 34$  \_\_\_\_\_

$47 + 52$  \_\_\_\_\_

$376 + 262$  \_\_\_\_\_

$145 + 539$  \_\_\_\_\_

Round to the nearest hundred to estimate the sum.

$89 + 167$  \_\_\_\_\_

$632 + 397$  \_\_\_\_\_

$413 + 231$  \_\_\_\_\_

$586 + 249$  \_\_\_\_\_

Alex has 457 pennies in a jar. He also has 272 pennies in his piggybank. Give an estimate for the total number of pennies he has in all.

Number sentence \_\_\_\_\_ Solution \_\_\_\_\_

Ginny collects stamps. She has 454 stamps in a box. She has 336 more stamps in a book. About how many stamps does Ginny have in all?

Number sentence \_\_\_\_\_ Solution \_\_\_\_\_

Which estimate is closest to the actual sum, rounding to the nearest ten or rounding to the nearest hundred? Explain. Use  $423 + 267$  as an example.
